The Bolin Centre is a multi-disciplinary consortium of over 350 scientists in Sweden that conducts research and graduate education related to the Earth's climate.

### Summer greetings

As this challenging term comes to an end, we would like to wish you all a peaceful summer. It has been great to see that a good number of excellent papers have been published by researchers at the Bolin Centre. We have highlighted some of your papers on our website and some at the Climate Festival and we would like to highlight them all - **so please do send your papers to Ines (see below)**. Your publications are the primary and most important output of the Bolin Centre.

Regarding the Climate Festival, we are extremely grateful to Annika and her team as well as Charlotte and her team from Vetenskapens hus for transforming the entire event so that it went ahead online including an outstanding Bert Bolin Climate Lecture by Professor Roberto Buizza. This event was pioneering and is already being described as a benchmark for what can be achieved online at Stockholm University.

We welcome Magnus Atterfors as our new communicator and we thank Laila Islamovic for working with us for the last 6 months as well as wishing her every success in her future career.

The weekly newsletter will take a summer break and is back in August. We look forward hopefully to meeting again in real life, first with the Science Advisory Group in early September on Utö and later on at our seminars, meetings, workshops and, of course, our annual Bolin Days which will be held on November 25 and 26, 2020.

/ Nina and Alasdair, Bolin Centre Directors

### Publications and research grants

Please make sure that all of your publications are on our website, [www.bolin.su.se/publications](http://www.bolin.su.se/publications), by sending them to [ines.jakobsson@geo.su.se](mailto:ines.jakobsson@geo.su.se). Use the format: Surname, N.N., Surname, N.N., and Surname, N., 20xx. Title of paper. Full journal name: VV, ppp-ppp. Doi: XX.XXXX/XXXXXXX

Also, please let us know about any research grants you received in 2020, by sending an e-mail about them to [bolin@su.se](mailto:bolin@su.se).

## In Swedish | Resultat från Klimatfestivalen

Under årets Klimatfestival deltog ca 2000 besökare på föreläsningarna och de bokningsbara aktiviteterna. Genom sociala medier nådde vi även ytterligare ca 100 000 personer med våra inlägg.

Tack vare att festivalen gjordes tillgänglig digitalt kunde skolklasser och privatpersoner från hela landet, och världen, besöka oss. Vi hade besökare från såväl Uddevalla som Mexico och flertalet länder i Europa.

[Här kan du se det livesända avslutet](#), som innehöll programpunkten Klimatforskningsnytt, vi hälsade också på hos forskare, tittade in i labben och besökte forskningsstationer. Dagen avslutades med en frågestund där våra kunniga klimatforskare och experter svarade på allmänhetens klimatfrågor.

Stort tack till alla er som hjälpte till med att genomföra årets Klimatfestival!

## BOLIN CENTRE EVENTS

25-26

November

### Bolin Days

Welcome to this year's Bolin Days. If you are interested in Climate and the Earth Sciences, you are welcome to join us. We offer an interesting scientific programme and lots of fun social events.

## OTHER EVENTS AND INFORMATION

10-11

August

### Second annual Arctic Avenue meeting

Due to the ongoing Corona pandemic, we are unfortunately forced to cancel the second annual Arctic Avenue meeting in Kilpisjärvi. Instead, we will host a virtual Zoom-meeting on August 10-11, at 10-12 and 13-16 pm each day. The virtual meeting will consist of an overview of Arctic Avenue activities to date, keynote lectures, short talks presenting first results of the many ongoing Arctic Avenue projects, and plans for next steps to be taken.
