Bolin Centre for Climate Research

A collaboration between Stockholm University, KTH and SMHI

Week 4, 2020

[Click here to read the letter in your browser](#)

The Bolin Centre is a multi-disciplinary consortium of over 350 scientists in Sweden that conducts research and graduate education related to the Earth's climate.

Bolin Centre Research Area 8 Call 2020 - now open!

[Research Area 8, Biodiversity and climate](#), offers funding for small grants (seed money) within the Bolin Centre. For 2020, we have 400 000 SEK to support smaller/pilot projects, workshops, equipment, field work, conference participation, etc.

Conditions

- The money has to be used during 2020
- Application for "Seed money" should be submitted to all RA8-leaders before February 28, 2020
- Our aim is to support as many good ideas as possible and we thus expect applications for funding of maximum 50 000 SEK
- Applications should be one A4-page and outline the planned activities, their relevance to biodiversity and climate, as well as their potential long-term importance
- For applications, we expect only information related to CV and publications of the applicant(s) that is directly relevant to the applied project

Applications will be evaluated based on the scientific quality of project, the relevance of project to RA8 (i.e., to the field of biodiversity and climate as defined by the research area description), the urgency of collecting data this year, and lack of other funding. We welcome applications from members of RA8, where the main applicant is an employee at SU, KTH or SMHI.

Kind regards,
Sara Cousins, Karl Gotthard & Johan Ehrlén
Research Area 8 Co-Leaders

BOLIN CENTRE EVENTS

11-15

MAJ

In Swedish | Klimatfestivalen

I år låter vi Klimatfestivalen växa från tre till fem dagar. Första dagen blir en dag för skollärare med fokus på fortbildning och det läromaterial som Bolincentret har tagit fram. Dag två-fyra blir det ordinarie klimatfestival i Geovetenskapens hus. Nytt för i år är att vi

sista dagen firar klimatvetenskapen med ett stort event i Kungsträdgården! Dagen erbjuder både vetenskapliga inslag och musikuppträdanden - boka in det i kalendern redan nu.

Bolin Days - new dates!

Welcome to this year's Bolin Days. **Please note that the dates has been changed to November 25-26, 2020.** If you are interested in Climate and the Earth Sciences, you are welcome to join us. We offer an interesting scientific programme and lots of fun social events.

OTHER SEMINARS, EVENTS, INFO

Arctic Avenue Spring Call 2020

The Arctic Avenue Spring Call 2020 is now open and application **deadline is February 20**. Specific information for the call and application form is downloadable [HERE](#).

Please send the application to the Arctic Avenue Steering Committee by email to Annika Granebeck, annika.granebeck@su.se and Kaarina Weckström, kaarina.weckstrom@helsinki.fi. State *Application for Arctic Avenue funding* in the subject heading. Calls are also planned for autumn 2020 and spring 2021.

Welcome with your application!

New name for ACES!

In an effort to more accurately reflect the mission, ambitions and education objectives of the department, the Department of Environmental Science and Analytical Chemistry, aka ACES, at Stockholm University officially changed to **the Department of Environmental Science** on January 1, 2020.

The **Bolin Centre Weekly News** provides you with a selection of our current activities and latest news and is sent to all members of the Bolin Centre. If you have suggestions that you would like to include in coming Weekly News, you are welcome to send these to bolin@su.se.
